

Information needed to finish setting up your system

Please fill in whatever you know — every answer helps us set the app up exactly for your shop. You can print this and write on it, or simply send the answers on WhatsApp. Photos of these filled pages are perfectly fine.

How many staff members do you have? _____

8. One thing to tell your staff

At every check-in the app takes a selfie and records the location, only at that moment — this is what proves attendance honestly for both sides. Photos are kept for 90 days and then deleted automatically. Please inform your staff about this before they start using the app.

☐ I understand and will inform my staff
